    - b) If the context so requires, “singular” means “plural” and vice versa; and
    - c) “Day” means calendar day.
- 2 Source of Funds**

  - 2.1 The Purchaser **specified in the BDS** has applied for or received financing (hereinafter called “funds”) from the Agence Française de Développement (hereinafter called “the AFD”), toward the project named **in BDS**. The Purchaser intends to apply a portion of the funds to eligible payments under the contract for which these Bidding Documents are issued.
- 3 Corrupt and Fraudulent Practices**

  - 3.1 The AFD requires compliance with its policy regarding corrupt and fraudulent practices as set forth in Section VI.
  - 3.2 In further pursuance of this policy, Bidders shall permit and shall cause its agents (where declared or not), sub-contractors, sub-consultants, service providers or suppliers and to permit the AFD to inspect all accounts, records and other documents relating to the submission of the application, bid submission, and contract performance (in the case of award), and to have them audited by auditors appointed by the AFD.

design or technical specifications of the goods that are the subject of the bid; or

- (g) Any of its affiliates has been hired (or is proposed to be hired) by the Purchaser for the Contract implementation; or

## 1 Evaluation

### 1.1 Bid Evaluation Criteria

The Bid submitted by the Bidder shall consist of a Technical Bid and a Financial Bid,

- a) **Technical Evaluation:** APFBCS shall open the technical bids and check them for the fulfillment of the Technical Qualification criteria and the requirements under the Schedule of Requirements (Schedule VII). To be substantially responsive, the bids shall conform to the criteria mentioned in technical qualification (given below) and to the requirements mentioned in the Schedule of Requirements (Section VII). Bids that are found to be non-responsive during the technical evaluation will be summarily rejected and will not be considered for price-bid evaluation.
- b) **Financial Bid Evaluation:** APFBCS shall examine the Price Bids to determine whether they are complete, whether any computational errors have been made, and whether the bids are generally in order.
  - (i) The substantially responsive bid with lowest total of discovered prices exclusive of taxes (L1), shall be awarded the project.
  - (ii) The bidder must share per unit pricing for each of the components listed in BOQ. The rates quoted are to be specified in "Per-Item-Per Month" basis or "Lump sum basis", as mentioned in the BOQ against each item. The rates should be final, inclusive of any discounts offered.
  - (iii) Least total price shall be the sole determining criteria for the allotment of contract amongst substantially responsive bids. If a price schedule shows items listed but not priced, their prices shall be assumed to be included in the prices of other items. An item not listed in the price schedule shall be assumed to be not included in the bid, and provided that the bid is substantially responsive, the highest price of the item quoted by substantially responsive bidders will be added to the bid price and the equivalent total cost of the bid so determined will be used for price comparison.
  - (iv) It is mentioned that the Financial Bid evaluation would be done on the basis of the rates quoted by the bidder. The Bidder has to provide such rates which shall remain uniform for the entire duration of the contract and shall also remain uniform while scaling up and scaling down of the requirements.

# Section V – Eligibility Criteria

## Eligibility in AFD - Financed Procurement

1. Financing allocated by AFD to a Contracting Authority has been entirely untied since 1<sup>st</sup> January 2002. To the exception of any equipment or any sector which is subject to an embargo by the United Nations, the European Union or France, all goods, works, plants, consulting services and non-consulting services are eligible for AFD financing regardless of the country of origin of the supplier, contractor, subcontractor, consultant or sub consultant inputs or resources used in the implementation processes. The Contracting Authority means the Purchaser, the Employer, the Client, as the case may be, for the procurement of goods, works, plants, consulting services or non-consulting services.
2. Natural or legal Persons<sup>1</sup> (including all members of a joint venture or any of their suppliers, contractors, subcontractors, consultants or sub consultants) shall not be awarded an AFD - financed contract if, on the date of submission of an application, a bid or a proposal, or on the date of award of a contract, they:
  - 2.1 Are bankrupt or being wound up or ceasing their activities, are having their activities administered by the courts, have entered into receivership, or are in any analogous situation arising from a similar procedure;
  - 2.2 Have been:
    - a) convicted, within the past five years by a court decision, which has the force of res judicata in the country where the contract is implemented, of fraud, corruption or of any other offense committed during a procurement process or performance of a contract, unless they provide supporting information together with their Statement of Integrity (Form available as Appendix to the Application, Bid or Proposal Submission Form) which shows that this conviction is not relevant in the context of the Contract;
    - b) subject to an administrative sanction within the past five years by the European Union or by the competent authorities of the country where they are constituted, for fraud, corruption or for any other offense committed during a procurement process or performance of a contract, unless they provide supporting information together with their Statement of Integrity (Form available as Appendix to the Application, Bid or Proposal Submission Form) which shows that this sanction is not relevant in the context of the Contract;
    - c) convicted, within the past five years by a court decision, which has the force of res judicata, of fraud, corruption or of any other offense committed during the procurement process or performance of an AFD-financed contract;
  - 2.3 Are listed for financial sanctions by the United Nations, the European Union and/or France for the purposes of fight-against-terrorist financing or threat to international peace and security;

## **Section VI –AFD Policy – Corrupt and Fraudulent Practices - Environmental and Social Responsibility**

### **1. Corrupt and Fraudulent Practices**

The Contracting Authority and the suppliers, contractors, subcontractors, consultants or sub consultants must observe the highest standard of ethics during the procurement process and performance of the contract. The Contracting Authority means the Purchaser, the Employer, the Client, as the case may be, for the procurement of goods, works, plants, consulting services or non-consulting services.

By signing the Statement of Integrity the suppliers, contractors, subcontractors, consultants or sub consultants declare that (i) “it did not engage in any practice likely to influence the contract award process to the Contracting Authority’s detriment, and that it did not and will not get involved in any anti-competitive practice”, and that (ii) “the procurement process and the performance of the contract did not and shall not give rise to any act of corruption or fraud”.

Moreover, AFD requires including in the Procurement Documents and AFD-financed contracts a provision requiring that suppliers, contractors, subcontractors, consultants or sub consultants will permit AFD to inspect their accounts and records relating to the procurement process and performance of the AFD-financed contract, and to have them audited by auditors appointed by AFD.

AFD reserves the right to take any action it deems appropriate to check that these ethics rules are observed and reserves, in particular, the rights to:

- a) Reject a proposal for a contract award if it is established that during the selection process the bidder or consultant that is recommended for the award has been convicted of corruption, directly or by means of an agent, or has engaged in fraud or anti-competitive practices in view of being awarded the Contract;
- b) Declare mis-procurement when it is established that, at any time, the Contracting Authority, the suppliers, contractors, subcontractors, consultants or sub consultants their representatives have engaged in acts of corruption, fraud or anti-competitive practices during the procurement process or performance of the contract without the Contracting Authority having taken appropriate action in due time satisfactory to AFD to remedy the situation, including by failing to inform AFD at the time they knew of such practices.

AFD defines, for the purposes of this provision, the terms set forth below as follows:

- a) Corruption of a Public Officer means:
  - The act of promising, offering or giving to a Public Officer, directly or indirectly, an undue advantage of any kind for himself or for another Person<sup>1</sup> or entity, for such Public Officer to act or refrain from acting in his official capacity; or
  - The act by which a Public Officer solicits or accepts, directly or indirectly, an undue advantage of any kind for himself or for another Person or entity, for such Public Officer to act or refrain from acting in his official capacity.
- b) A Public Officer shall be construed as meaning:
  - Any person who holds a legislative, executive, administrative or judicial mandate (within the country of the Contracting Authority) regardless of whether that natural Person was nominated or elected, regardless of the permanent or temporary, paid or unpaid nature of the position and regardless of the hierarchical level the natural Person occupies;
  - Any other natural Person who performs a public function, including for a State institution or a State-owned company, or who provides a public service;
  - Any other natural Person defined as a Public Officer by the national laws of the country of the Contracting Authority.
- c) Corruption of a Private Person<sup>2</sup> means:
  - The act of promising, offering or giving to any Private Person, directly or indirectly, an undue advantage of any kind for himself or for another Person or entity, for such Private Person to perform or refrain from performing any act in breach of its legal, contractual or professional obligations; or;

---

<sup>1</sup> Means any Person whether natural or legal, firm, company, corporation, government, state or state agency or any association, or group of two or more of the foregoing (whether or not having separate legal status).

<sup>2</sup> Means any natural Person other than a Public Officer.

- The act by which any Private Person solicits or accepts, directly or indirectly, an undue advantage of any kind for himself or for another Person or entity, for such Private Person to perform or refrain from performing any act in breach of its legal, contractual or professional obligations.
- d) Fraud means any dishonest conduct (act or omission), whether or not it constitutes a criminal offence, deliberately intended to deceive others, to intentionally conceal items, to violate or vitiate consent, to circumvent legal or regulatory requirements and/or to violate internal rules in order to obtain illegitimate profit.
- e) Anti-competitive practices mean:
  - Any concerted or implied practices which have as their object or effect the prevention, restriction or distortion of competition within a marketplace, especially where they (i) limit access to the marketplace or free exercise of competition by other undertakings, (ii) prevent free, competition-driven price determination by artificially causing price increases or decreases, (iii) restrict or control production, markets, investments or technical progress; or (iv) divide up market shares or sources of supply;
  - Any abuse by one undertaking or a group of undertakings which hold a dominant position on an internal market or on a substantial part of it;
  - Any practice whereby prices are quoted or set unreasonably low, the object of which is to eliminate an undertaking or any of its products from a market or to prevent it from entering the market.

## **2. Social and Environmental Responsibility**

In order to promote sustainable development, AFD seeks to ensure that internationally recognized environmental and social standards are complied with. Suppliers, contractors, subcontractors, consultants or sub consultants for AFD-financed contracts shall consequently undertake in the Statement of Integrity to:

- a) Comply with and ensure that all their subcontractors or sub consultants comply with international environmental and labour standards, consistent with applicable law and regulations in the country of implementation of the contract, including the fundamental conventions of the International Labour Organization (ILO) and international environmental treaties;
- b) Implement environmental and social risks mitigation measures when specified in the environmental and social management plan (ESMP) provided by the Contracting Authority.

# 1. Scope of Work, List of Services and Delivery Schedule

## Introduction

The Assam Project on Forest and Biodiversity Conservation Society (APFBCS) is dedicated to conserving nature for healthier ecosystems and happier communities. To support this mission, System Integrator is developing several key applications, including the Forest Management Information System (FMIS) and the Plantation Management Information System (PMIS) integrated GIS applications along with mobile app. These applications are critical for optimizing day-to-day forest protection, wildlife monitoring, day-to-day administration, provisioning of goods and services to the public, human resource management, and community-related activities of the Assam Forest Department. The project is presently being implemented through a System Integrator (SI).

Given the scope and importance of these applications, APFBCS is seeking a reliable cloud service provider to host these applications and ensure their optimal performance, security, and scalability. Ensure the CSP offers robust infrastructure and support for the technologies used in the project (such as, Enterprise GIS, .net frameworks, SQL Server, React JS, API/micro services, data processing pipelines, AI/ML libraries and GPU).

## Overview of Applications

**FMIS application:** Web based FMIS application will support the decision-making process for forest management and protection activities through visualization analytics and reporting. This acts as a core platform solution comprising of 21 modules to support the location enabled planning, implementation and monitoring of multi-objective forest management and administration activities.

This also includes:

- Integrated **Mobile apps** to collect data from field inspections and vigilance such as offence, GIS based flora and fauna resource assessment and change detection, PMIS (Plantation Management Information System), mitigating wildlife poaching threats, encroachment/eviction status with real-time and offline map and syncing capabilities.
- Integration of additional IOT location enabled sensor feeds from other applications such as Early Warning System for Human-Elephant Conflict, and Unauthorized Tree Cutting Monitoring.
- Geospatial applications will be hosted on Enterprise GIS Server software with distributed architecture.

**Departmental Dashboards:** The Dashboard analytics platform- comprising of applications to bring insights through KPI's for decision making at management level. Geospatial integral is key component of FMIS and assists in decision-making process for forest management activities through visualization analytics and reporting. This would also include the use of AI/ML open source libraries for feature detection and extraction for gaining insights from satellite and drone imagery

## Scope of Work for Cloud Services Hosting Project

### 1. Infrastructure Provisioning & Setup:

- Provision and configure scalable and secure cloud resources based on the technical specifications mentioned in Section VII to host FMIS, PMIS, GIS and related applications.
- Ensure high availability, disaster recovery, and auto-scaling capabilities.
- DR site failover testing. DR site with similar specifications would be hosted on premise or at state data centre by the department

### 2. Security and Compliance:

- Implement robust security measures, including firewalls, encryption, access controls, and continuous monitoring.
- Ensure compliance with relevant data privacy laws and industry standards.
- Conduct regular security audits and vulnerability assessments.

### 3. Application Deployment and Management:

- System Integrator (SI) team will work in close coordination with CSP/MSP for deployment of FMIS, PMIS, GIS and other applications efficiently on the cloud infrastructure.
- Provide support for testing, installation and hosting issues.

### 4. Monitoring and Maintenance:

- Set up comprehensive monitoring tools to track the performance and availability of cloud resources and applications.
- Provide ongoing maintenance, including regular updates, patches, and backups.
- Offer 24/7 helpdesk support for incident management and resolution.

**6. Service Level Agreements (SLAs):**

- Agree and monitor SLAs to ensure guaranteed uptime, performance, and support levels from the cloud service provider.
- Address any SLA breaches promptly to maintain service quality.

This scope of work aims to ensure seamless cloud hosting, providing the necessary infrastructure and support to enhance the operational capabilities of the APFBCS applications.

The successful Bidder may be expected to prepare for onsite hosting of Geospatial Enterprise application and web FMIS, PMIS and Portal applications integrated with GIS, drone and mobile app catering to day-to-day activities of Forest department.

The successful Bidder may also be required to submit a scoping and sizing study of the DC/DR on an equivalent level as being provided by cloud services.

**Note:**

1. Unless otherwise stipulated in the Contract, the Scope of Work shall include all such items not specifically mentioned in the Contract but that can be reasonably inferred from the Contract as being required for comprehensive, successful and satisfactory implementation of the Solution as if such items were expressly mentioned in the Contract.
2. All related services to be performed under the Scope of Work shall first be documented, detailed, designed, and specified for approval of the Purchaser. The cloud service provider shall commence implementation of the Solution only after written dispatch approval/ clearance of the Purchaser.

- (b) The aggregate liability of the Supplier to the Purchaser, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment, or to any obligation of the supplier to indemnify the purchaser with respect to patent infringement
- 31. Change in Laws and Regulations**
- 31.1 Unless otherwise specified in the Contract, if after the date of 28 days prior to date of Bid submission, any law, regulation, ordinance, order or bylaw having the force of law is enacted, promulgated, abrogated, or changed in the place of the Purchaser's country where the Site is located (which shall be deemed to include any change in interpretation or application by competent authorities) that subsequently affects the Delivery Date and/or the Contract Price, then such Delivery Date and/or Contract Price shall be correspondingly increased or decreased, to the extent that the Supplier has thereby been affected in the performance of any of its obligations under the Contract. - 32. Force Majeure**
- 32.1 The Supplier shall not be liable for forfeiture of its Performance Security, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.
- 32.2 For purposes of this Clause, "Force Majeure" means an event or situation beyond the control of the Supplier that is not foreseeable, is unavoidable, and its origin is not due to negligence or lack of care on the part of the Supplier. - (b) The method of shipment or packing;
- (c) The place of delivery; and

Any claims by the Supplier for adjustment under this Clause must be asserted within twenty-eight (28) days from the date of the Supplier's receipt of the Purchaser's change order.

- 33.4 Subject to the above, no variation in or modification of the terms of the Contract

shall be made except by written amendment signed by the parties.

- 34. Extensions of Time**
- 34.1 If at any time during performance of the Contract, the Supplier or its subcontractors should encounter conditions impeding timely delivery of the Goods or completion of Services pursuant to GCC Clause 13, the Supplier shall promptly notify the Purchaser in writing of the delay, its likely duration, and its cause. As soon as practicable after receipt of the Supplier's notice, the Purchaser shall evaluate the situation and may at its discretion extend the Supplier's time for performance, in which case the extension shall be ratified by the parties by amendment of the Contract.
- 34.2 Except in case of Force Majeure, as provided under GCC Clause 32, a delay by the Supplier in the performance of its Delivery and Completion obligations shall render the Supplier liable to the imposition of liquidated damages pursuant to GCC Clause 27, unless an extension of time is agreed upon, pursuant to GCC Sub-Clause 34.1.

## **APPENDIX-1 to Special Conditions of Contract - Corrupt and Fraudulent Practices Policy and Social and Environmental Responsibility**

### **1. Corrupt and Fraudulent Practices**

The Contracting Authority and the suppliers, contractors, subcontractors, consultants or sub-consultants must observe the highest standard of ethics during the procurement process and performance of the contract. The Contracting Authority means the Purchaser, the Employer, the Client, as the case may be, for the procurement of goods, works, plants, consulting services or non-consulting services.

By signing the Statement of Integrity the suppliers, contractors, subcontractors, consultants or sub-consultants declare that (i) "it did not engage in any practice likely to influence the contract award process to the Contracting Authority's detriment, and that it did not and will not get involved in any anti-competitive practice", and that (ii) "the procurement process and the performance of the contract did not and shall not give rise to any act of corruption or fraud".

Suppliers, contractors, subcontractors, consultants or sub-consultants will permit AFD to inspect their accounts and records relating to the procurement process and performance of the AFD-financed contract, and to have them audited by auditors appointed by AFD.

The AFD reserves the right to take any action it deems appropriate to check that these ethics rules are observed and reserves, in particular, the rights to:

- a) Reject a proposal for a contract award if it is established that during the selection process the bidder or consultant that is recommended for the award has been convicted of corruption, directly or by means of an agent, or has engaged in fraud or anti-competitive practices in view of being awarded the Contract;
- b) Declare misprocurement when it is established that, at any time, the Contracting Authority, the suppliers, contractors, subcontractors, consultants or sub-consultants their representatives have engaged in acts of corruption, fraud or anti-competitive practices during the procurement process or performance of the contract without the Contracting Authority having taken appropriate action in due time satisfactory to AFD to remedy the situation, including by failing to inform AFD at the time they knew of such practices.

AFD defines, for the purposes of this provision, the terms set forth below as follows:

- a) Corruption of a Public Officer means:
  - The act of promising, offering or giving to a Public Officer, directly or indirectly, an undue advantage of any kind for himself or for another Person<sup>1</sup> or entity, for such Public Officer to act or refrain from acting in his official capacity; or
  - The act by which a Public Officer solicits or accepts, directly or indirectly, an undue advantage of any kind for himself or for another Person or entity, for such Public Officer to act or refrain from acting in his official capacity.
- b) A Public Officer shall be construed as meaning:
  - Any person who holds a legislative, executive, administrative or judicial mandate (within the country of the Contracting Authority) regardless of whether that natural Person was nominated or elected, regardless of the permanent or temporary, paid or unpaid nature of the position and regardless of the hierarchical level the natural Person occupies;
  - Any other natural Person who performs a public function, including for a State institution or a State-owned company, or who provides a public service;
  - Any other natural Person defined as a Public Officer by the national laws of the country of the Contracting Authority.
- c) Corruption of a Private Person<sup>2</sup> means:
  - The act of promising, offering or giving to any Private Person, directly or indirectly, an undue advantage of any kind for himself or for another Person or entity, for such Private Person to perform or refrain from performing any act in breach of its legal, contractual or professional obligations; or;

---

<sup>1</sup> Means any Person whether natural or legal, firm, company, corporation, government, state or state agency or any association, or group of two or more of the foregoing (whether or not having separate legal status).

<sup>2</sup> Means any natural Person other than a Public Officer.

- The act by which any Private Person solicits or accepts, directly or indirectly, an undue advantage of any kind for himself or for another Person or entity, for such Private Person to perform or refrain from performing any act in breach of its legal, contractual or professional obligations.
- d) Fraud means any dishonest conduct (act or omission), whether or not it constitutes a criminal offence, deliberately intended to deceive others, to intentionally conceal items, to violate or vitiate consent, to circumvent legal or regulatory requirements and/or to violate internal rules in order to obtain illegitimate profit.
- e) Anti-competitive practices mean:
- Any concerted or implied practices which have as their object or effect the prevention, restriction or distortion of competition within a marketplace, especially where they (i) limit access to the marketplace or free exercise of competition by other undertakings, (ii) prevent free, competition-driven price determination by artificially causing price increases or decreases, (iii) restrict or control production, markets, investments or technical progress; or (iv) divide up market shares or sources of supply;
  - Any abuse by one undertaking or a group of undertakings which hold a dominant position on an internal market or on a substantial part of it;
  - Any practice whereby prices are quoted or set unreasonably low, the object of which is to eliminate an undertaking or any of its products from a market or to prevent it from entering the market.

## **2. Social and Environmental Responsibility**

In order to promote sustainable development, AFD seeks to ensure that internationally recognized environmental and social standards are complied with. Suppliers, contractors, subcontractors, consultants or sub-consultants for AFD-financed contracts shall consequently undertake in the Statement of Integrity to:

- a) Comply with and ensure that all their subcontractors or sub-consultants comply with international environmental and labour standards, consistent with applicable law and regulations in the country of implementation of the contract, including the fundamental conventions of the International Labour Organization (ILO) and international environmental treaties;
- b) Implement environmental and social risks mitigation measures when specified in the environmental and social management plan (ESMP) provided by the Contracting Authority.

## **Attachment: Price Adjustment Formula**

If in accordance with GCC 15.1, prices shall be adjustable, the following method shall be used to calculate the price adjustment:

- 15.1 Prices payable to the Supplier, as stated in the Contract, shall be subject to adjustment during performance of the Contract to reflect changes in the cost of labor and material components in accordance with the formula:

$$P_1 = P_0 [a + \frac{bL_1}{L_0} + \frac{cM_1}{M_0}] - P_0$$
$$a+b+c = 1$$

in which:

- $P_1$  = adjustment amount payable to the Supplier;
- $P_0$  = Contract Price (base price);
- a = fixed element representing profits and overheads included in the Contract Price and generally in the range of five (5) to fifteen (15) percent;
- b = estimated percentage of labor component in the Contract Price;
- c = estimated percentage of material component in the Contract Price;
- $L_0, L_1$  = labor indices applicable to the appropriate industry in the country of origin on the base date and date for adjustment, respectively;
- $M_0, M_1$  = material indices for the major raw material on the base date and date for adjustment, respectively, in the country of origin.

The coefficients a, b, and c as specified by the Purchaser are as follows:

a = *[insert value of coefficient]*

b = *[insert value of coefficient]*

c = *[insert value of coefficient]*

The Bidder shall indicate the source of the indices and the base date indices in its bid.

Base date = thirty (30) days prior to the deadline for submission of the bids.

Date of adjustment = *[insert number of weeks]* weeks prior to date of shipment (representing the mid-point of the period of manufacture).

The above price adjustment formula shall be invoked by either party subject to the following further conditions:

- (a) No price adjustment shall be allowed beyond the original delivery dates unless specifically stated in the extension letter. As a rule, no price adjustment shall be allowed for periods of delay for which the Supplier is entirely responsible. The Purchaser will, however, be entitled to any decrease in the prices of the Goods and Services subject to adjustment;
- (b) If the currency in which the Contract Price  $P_0$  is expressed is different from the currency of origin of the labor and material indices, a correction factor will be applied to avoid incorrect adjustments of the Contract Price. The correction factor shall correspond to the ratio of exchange rates between the two currencies on the base date and the date for adjustment as defined above;
- (c) No price adjustment shall be payable on the portion of the Contract Price paid to the Supplier as advance payment.
